The sub-group meets every 2 to 3 months on a Wednesday morning at our offices. If you want to know more, please get in touch with us for a talk.

The Board has its last meeting of this year on Tuesday 11 November.

## New exhibition: **'Felt'**

Andrew Burnham MP, Secretary of State for Culture, Media and Sport took time out from the Labour Party conference to visit Venture Arts and help kick off our exhibition tour 2008.

Wayne Tarry, one of the people who made the work said: 'I really enjoyed exploring textures and have done loads of textiles, drawings, felt-making, and textured slides. I have learnt a lot and really enjoy being able to

The artwork for the exhibition was created by over 50 people from Manchester, over six months and took a lot of

think about new things and do stuff for myself. It gives me a great feeling to be able to show others my work too'.

hard work and talent. All the work was produced at the Venture Arts Studio on Old Birley Street in Hulme.

The name of the exhibition is 'FELT' as the whole show is about textures and uses painting, drawing, collage, felt-making, sewing, ceramics, mixed media and much more.

The exhibition was launched in the Community and Education displays at The Lowry, Salford Quays on 8 October. It was a great day and over 130 people came along to view the new work. It will run at the Lowry until the 24 November and will then move to Zion Arts Centre, Stretford Road, Hulme, Manchester from 6 to 22 December. It is well worth a visit!

### **Globe**

The focal point of the exhibition is 'Globe': a big, stand alone, revolving ball covered in textured artworks. People experience this work by touching it, looking at it, moving around it, turning it around, and enjoying it.

Venture Arts runs workshops for adults who have a learning disability in Manchester. Using lots of mediums, we encourage active participation in and exploration of visual arts, so that people can develop their own artistic talent.
